**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The reason I chose a competitive provider like Sonic.net is that they offer internet service with NO BUNDLING at a low price! I pay \$48 a month for internet/wifi service to stream my Netflix, Hulu, Prime, etc.

Compared to the internet bundling (phone/internet/cable) over at AT&T it's a savings of \$130 a month I use to pay when I was an AT&T customer!

I did research on ISP's to see who can provide internet service to my area. AT&T always came up in my search when I gave the zip code to my area of service.

AT&T has completely monopolized the broadband market. Not right! I shouldn't be forced into making bundle purchases locking me into a 1 year deal then after the year is up my bill triples in cost! If I want to cancel, I have to pay a termination fee!

I support broadband competition and competitive deployment!

Sincerely,

Flora Santiago
